Out of control - that's how Lacey Duval feels in almost every aspect of her life. There's nothing she can do about her parents divorce, there's nothing she can do about the death of her young friend, there's nothing she can do about having diabetes - that's what Lacey believes.

After a special summer at Jenny House, Lacey is determined to put her problems behind her. When she returns to high school, she is driven to become a part of the in crowd and win the attention of gorgeous Todd Larson. But Lacey thinks fitting in means losing weight and hiding her diabetes. She starts skipping meals and experimenting with her medication - sometimes ignoring it all together.

Her friends from the summer caution her to face her problems before catastrophe strikes. Is it too late to stop the destructive process Lacey has set in motion?
