## **The Political Costs of the 2009 British MPs' Expenses Scandal**

In May 2009, the Daily Telegraph began publishing un-redacted expenses claims made by British MPs showing how, and the extent to which, some MPs took advantage of an unregulated expenses system. This study examines the evolution and political consequences of this 2009 British MPs' expenses scandal and argues that despite claims at the time of a revolution in British politics, it in fact had a limited, short-term impact. Beginning with the efforts of journalist Heather Brooke and the role of the Freedom of Information Act in exposing the scandal, the book examines the scandal's electoral impact and how it affected public perceptions of wrong-doing and probity amongst politicians. It also notes the many opportunities MPs had to reform parliamentary expenses, and gives special consideration is given to the media's role in reporting the scandal but also to the role of Independent Parliamentary Standards Authority in reforming expenses.
