**The final and conclusive book in the groundbreaking series on boys and their development**

In this climax to his series of landmark books about boys, Michael Gurian offers a powerful new program to help us give our sons a core purpose—a program based on building morality, character, career goals, the ability to form intimate relationships, selflessness, personal and community responsibility, and an accelerated process of developmental maturity. Gurian reveals how important purpose is for the success and happiness of boys and explains how a boy's core personality, nature, and genetic predisposition functions to create both strengths and weaknesses in their journey towards maturity.

- Includes an innovative program for support and interventions according to the unique needs, weaknesses, and strengths of each individual young man.
- This book is the follow-up to Gurian's bestselling *The Minds of Boys*
- Draws on the latest science and field research on how boys develop neurologically
- Gurian explores the unique issues boys must confront, and shows how their strategy for moral development and success in life is predicated on their nature and genetic predispositions.
