Pathworking is one of the most powerful techniques employed in the practical Qabalah, the core of the Western Esoteric Tradition. Llewellyn is pleased to bring back—by popular demand—Magical States of Consciousness, the classic text by renowned magicians Osborne Phillips and the late Melita Denning that first made the practice of pathworking widely available.

Revealed here are the methods by which deep dimensions of the human psyche may be reached—dimensions that give you access to profound knowledge and the power of creation. Ascend the Tree of Life to enter the Sphere of Tiphareth, the seat of the Higher Self. Train your mind and imagination, enhance your physical and emotional health, gain knowledge and spiritual initiation, experience adventure and self-empowerment—all through Qabalistic pathworking.

Designed for both the beginner and the established mage, this sought-after book includes the complete narrative texts for the inward journeys of classic pathworking. Plus, mandalas are included that serve as gateways to altered states of consciousness and magical images of the Sephirothic archetypes—the sources of mystical power which exist not only cosmically but in the depths of each person's own being.
