## Group Work in Schools

School counselors are often the only employees in school settings with any formal education in group work, and yet their training is typically a general course on how to run groups. *Group Work in Schools* provides an alternative training model; one that presents exactly what counselors need to know in order to successfully implement task-driven, psychoeducational, and counseling/psychotherapy groups in any educational setting. Additions to this newly updated second edition include: discussion topics, activities, case examples, integrated CACREP standards and learning outcomes, as well as an overall update to reflect the most recent research and knowledge.
