See twelve amazing pictures of lion cubs. They were born in January 2014 in the wild. These are some of the first pictures ever taken of them. Normally the mother hides them when they are very young but the photographer had a lot of luck to spot them quite close to his vehicle shortly before sunset. Enjoy the circle of life. The pictures were taken at the Kalahari Transfrontier Park in South Africa and the cubs were 2.5 weeks old. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall.
