The Bourne Identity meets *Divergent* in this action-packed debut thriller with a Katniss-esque heroine fighting to regain her memories and stay alive, set against a dystopian hospital background.

Sarah finds herself in a battle for her life within the walls of her hospital-turned-prison. A procedure to eliminate her memory goes awry, and she starts to remember snatches of her past. Was she an urban terrorist or vigilante? Has the procedure been her salvation or her destruction? The answers lie trapped within her mind. To access them, she'll need the help of the teen computer hacker who's trying to bring the hospital down for his own reasons, and she'll need to evade an army of mercenary soldiers poised to eliminate her for good. If only she knew why . . .
