Digital photographic technology has created a surge in the popularity of nude photography. Mastering Digital Nude Photography contains ideas and techniques that will develop your creativity and challenge you to expand your boundaries. This book examines photography of the nude for the serious photographer-one who already possesses visual imagination and creativity, but is ready to take the work in a new direction. It explores a range of photographic styles, including erotic, glamour, fetish, bodyscape, and art nude. You'll cover each important aspect of creating your initial image in the camera. Then examine postproduction through discussion of digital image manipulation and the opportunities that the computer offers for experimentation in creating your final work of art.
