**Helping young people find their path to a successful future-with or without college**

College isn't right for everyone. And as tuition costs continue to rise, more and more young people—from straight-A students to the not-so-avid pupils—are choosing an alternative to the 4-year degree. Yet there is little support to help them find their track to a promising future beyond the classroom.

Make Your Own Lunch empowers and guides young people as they search for their answer to the age-old question: "What do you want to be when you grow up?" Readers discover new ways to pursue their interests and gain experience through travel, philanthropy, and more.
