The natural beauty of Monhegan Island has continuously attracted generations of artists, day-trippers, and summer sojourners. White Head, Pulpit Rock, and Cathedral Woods are names that resonate throughout New England and beyond. Long before the first ferry full of seasonal visitors arrived, the Monhegan Island fishermen had established a permanent community on the island, scratching out an existence on a remote offshore outpost. As early as 1890, prominent artists Robert Henri and George Bellows, followed by Rockwell Kent and Jamie Wyeth, captured the magnificence of Monhegan. They shared the cliffs and coves with the lighthouse keepers, carpenters, lobstermen, and the island people.
