Painless Reading Comprehension (Barron's Painless Series) Darolyn "Lyn" Jones Ed.D.

Reading comprehension assignments that first seem confusing become easy when students answer the author's key questions about their own reading habits. For example: "What can kids do to *warm up* their brains before starting to read?" and "How can they keep the facts they read in their head?" The author offers interesting answers to these and many more questions. Titles in Barron's extensive *Painless Series* cover most subjects taught on middle school and high school levels, and are written for students who find the subjects unusually difficult and confusing--or in some cases, just plain boring. *Painless Series* authors, all of them experienced educators, are experts at clearing up aspects of their subjects that students are likely to find confusing. These books also perk up students' interest by emphasizing the attention-catching ways in which the subjects can be put to practical use. Most *Painless Series* titles take a light-hearted approach to their subjects, and all of them present fun-to-solve challenges with puzzles, games, and "Brain Tickler" problems. Although *Painless Series* titles are written primarily for middle school and high school students, older students and adults who need to refresh their skills will also find these books extremely helpful.

NEW BONUS FEATURE

Printed inside every copy of *Painless Reading Comprehension* is a code that gives kids FREE access to a subject-related app. This book's app is an arcade game themed to help students improve their reading comprehension. It can be downloaded on any iPhone, iTouch, iPad, or Android device.
