Protein Phosphorylation in Control Mechanisms (Miami winter symposia)

Protein Phosphorylation in Control Mechanisms (Miami winter symposia)

Protein Phosphorylation in Control Mechanisms contains the proceedings of the Miami Winter Symposia entitled ""Protein Phosphorylation in Control Mechanisms,"" held on January 15-16, 1973, in Miami, Florida, and organized by the Department of Biochemistry at the University of Miami School of Medicine. The papers explore the role of protein phosphorylation in control mechanisms, including muscle metabolism and function, cell division, and histone and protamine binding to DNA.

This volume is comprised of 28 chapters and begins with an overview of Earl W. Sutherland's scientific work and the involvement of cyclic AMP in enzyme inductions. The discussion then turns to the regulation of muscle metabolism and function by protein phosphorylation; the link between hormonally regulated enzymes in adipose tissue and cyclic AMP-dependent protein kinase; and regulation of the mammalian pyruvate dehydrogenase complex by phosphorylation and dephosphorylation. Subsequent chapters focus on the role of histone phosphorylation in cell division; histone phosphorylation and regulation of nuclear function; and protein phosphorylation in retinal photoreceptors. The final chapter is devoted to acetylation of nuclear proteins in rat testis.

This book should be a valuable resource for biochemists.

From reader reviews:

Sheila Seim:

Have you spare time for the day? What do you do when you have considerably more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a walk, shopping, or went to often the Mall. How about open as well as read a book titled Protein Phosphorylation in Control Mechanisms (Miami winter symposia)? Maybe it is to be best activity for you. You know beside you can spend your time with the favorite's book, you can cleverer than before. Do you agree with it has the opinion or you have additional opinion?

Eddie Grabowski:

Book is to be different per grade. Book for children until adult are different content. As it is known to us that book is very important normally. The book Protein Phosphorylation in Control Mechanisms (Miami winter symposia) seemed to be making you to know about other expertise and of course you can take more information. It is rather advantages for you. The publication Protein Phosphorylation in Control Mechanisms (Miami winter symposia) is not only giving you considerably more new information but also to get your friend when you sense bored. You can spend your personal spend time to read your guide. Try to make relationship together with the book Protein Phosphorylation in Control Mechanisms (Miami winter symposia). You never truly feel lose out for everything should you read some books.

Nancy Kidder:

The book Protein Phosphorylation in Control Mechanisms (Miami winter symposia) will bring someone to the new experience of reading the book. The author style to spell out the idea is very unique. If you try to find new book to learn, this book very suited to you. The book Protein Phosphorylation in Control Mechanisms (Miami winter symposia) is much recommended to you you just read. You can also get the e-book through the official web site, so you can quicker to read the book.

David Gaiter:

As we know that book is very important thing to add our knowledge for everything. By a e-book we can know everything we want. A book is a set of written, printed, illustrated or blank sheet. Every year seemed to be exactly added. This e-book Protein Phosphorylation in Control Mechanisms (Miami winter symposia) was filled with regards to science. Spend your time to add your knowledge about your scientific disciplines competence. Some people has various feel when they reading the book. If you know how big good thing about a book, you can really feel enjoy to read a publication. In the modern era like right now, many ways to get book you wanted.
