Agile Change Management: A Practical Framework for Successful Change Planning and Implementation Melanie Franklin

The concept of agile working has been adopted by many organizations that recognize the need to respond quickly and easily to new opportunities and be fit for purpose in a world of complex and continuous change. Combining cutting edge techniques, Agile Change Management offers pioneering tools to ensure your change initiative is embedded, adopted and delivers benefits throughout the organization. Including examples and best practice advice it enables you to create your own roadmap consisting of all the processes, activities and information needed to manage any type of change initiative. By focusing on completing iterative tasks, the roadmap allows you to respond to different needs as they arise, therefore cutting time spent on planning for unnecessary resources. Also including important advice for creating the right environment for change, Agile Change Management is a comprehensive resource for anyone who wants to build the capabilities of an effective change manager.
