## **Index to the Revised Bauer-Arndt-Gingrich Greek Lexicon, An** John R. Alsop

This revised edition of Alsop's Index brings up to date a proven and valuable reference tool for translators, ministers, and students of New Testament Greek. The first edition was first produced by Wycliffe Bible Translators as an index to the entries in the Bauer-Arndt-Gingrich Greek Lexicon (BAG) and later published by Zondervan. Now that the second edition of BAG by Gingrich and Danker has appeared, the Index has also been completely revised and set in Greek type. Greek professors recommend the new Index because of these salient features: - Readable Greek type saves time for scholars and students. - Proficient students can double their speed in locating references in BAG. - Aids beginning students in learning to use BAG for careful exegesis. - Quickly locates the exact quadrant of the BAG page where the word and reference are treated. - English gloss gives quick reference to the general meaning of words. - Tells at a glance how BAG classifies a particular occurrence of frequently used words. - Eliminates laborious, line-by-line searching for references in BAG. - Highlights nuances of meaning for certain words by giving multiple references to BAG.
