Charles Hudson VC was one of the twentieth century's outstanding fighting soldiers. His military career through two world wars and in Russia in 1919 earned him a host of medals. He was also a man of deep feeling, an accomplished poet and, in many ways, a rebel. In this compelling biography, the author skilfully interweaves his own narrative insight with his father's wartime journals and other unpublished material. The narrative includes detailed personal descriptions of the Battle of the Somme and other actions. It recounts the authoress Vera Brittain's bitter reaction to the death of her brother Edward when under Hudson's command in Italy in 1918 and tells how Hudson, out of compassion for her feelings, did not reveal the truth until he met her in 1934. It tells of the extraordinary affair in the summer of 1940, when the Secretary of State for War, Anthony Eden, asked a meeting of senior army commanders in the then beleaguered Britain whether, in the event of a successful German invasion, their soldiers would agree to be evacuated to Canada or whether they would insist on going home to support their families. The author examines Hudson's motivation in both wars and delves deeply into his complex, and highly courageous, character.
