Christians are called to respect and care about all people; managers are, too. This is the underlying philosophy of The Ten Commandments of Management. Using proven business models mixed with appropriate Biblical references, this book provides the ten things managers need to know how to do. Following these commandments will make you a more successful manager and those who report to you more effective, productive and successful, as well. What could be better than achieving a win/win outcome in your business? Sometimes this means moving people out of the wrong job, sometimes it means offering a hand up. Too many managers and too many employees relate to each other within a parent-child paradigm. Read the Ten Commandments of Management to learn how to manage Adults through being an Adult. If you know nothing else about management, know these Ten Commandments.
