Este libro tiene que ver con principios e ideas. Busca—tal vez presuntuosamente—identificar y evaluar algunas de las conclusiones básicas que hacemos sobre el crimen, la justicia y de cómo vivimos en sociedad. Intenta esquematizar brevemente cómo llegamos a sacar estas conclusiones y sugiere algunas alternativas.

Este esfuerzo trata abstracciones, pero no se pueden limitar a ellas. Tenemos que empezar por entrar lo más profundo posible a la experiencia real del crimen y de la justicia. Solo pisando firmemente en la realidad podemos comenzar a entender lo que hacemos, por qué lo hacemos y—con un poco de suerte—cómo podemos hacerlo diferente.

Pero lograr comprender profundamente la experiencia del crimen no es nada fácil, ni es algo que la mayoría de nosotros haríamos voluntariamente. El confrontar lo que significa victimizar o ser victimizado por otra persona enciende emociones intensas que son comúnmente aterradoras y que preferiríamos dejar dormidas. A menos que hayamos experimentado el crimen directamente, nos puede ser difícil empatizar realmente con esta realidad. Sin embargo, tenemos que intentarlo, sabiendo que el esfuerzo será incompleto y quizá doloroso.

Este libro, entonces, comienza desde este punto.
