Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It Ken Alibek, Stephen Handelman

Imagine a hot zone in which Ebola is being spliced—using the latest techniques of genetic engineering—with smallpox, the most infectious disease known to man. Now imagine that cocktail is meant for you.

For fifty years, while the world stood in terror of a nuclear war, Russian scientists hidden in heavily guarded secret cities refined and stockpiled a new kind of weapon of mass destruction—an invisible weapon that would strike in silence and could not be traced. It would leave hundreds of thousands dead in its wake and would continue to spread devastation long after its release. The scientists were bioweaponeers, working to perfect the tools of a biological Armageddon. They called it their Manhattan Project. It was the deadliest and darkest secret of the cold war.

What you are about to read has never before been made public. Ken Alibek began his career as a doctor wanting to save lives and ended up running the Soviet biological weapons program—a secret military empire masquerading as a pharmaceutical company. At its peak, the program employed sixty thousand people at over one hundred facilities. Seven reserve mobilization plants were on permanent standby, ready to produce hundreds of tons of plague, anthrax, smallpox, and Venezuelan equine encephalitis, to name only a few of the toxic agents bred in Soviet labs. Almost every government ministry was implicated, including the Academy of Sciences and the KGB.

Biohazard is a terrifying, fast-paced account of tests and leaks, accidents and disasters in the labs, KGB threats and assassinations. The book is full of revelations—evidence of biowarfare programs in Cuba and India, actual deployments at Stalingrad and in Afghanistan, experiments with mood-altering agents, a contingency plan to attack major American cities, and the true story behind the mysterious anthrax outbreak in Sverdlovsk. But beyond these is a twisted world of lies and mirrors, and the riveting parable of the greatest perversion of science in history.

No one knows the actual capabilities of biological weapons better than Dr. Alibek. Many of the scientists who worked with him have been lured away from low-paying Russian labs to rogue regimes and terrorist groups around the world. In our lifetime, we will most likely see a terrorist attack using biological weapons on an American city. *Biohazard* tells us—in chilling detail—what to expect and what we can do. Not since Arthur Koestler's *Darkness at Noon* has there been such a book—a report from inside the belly of the beast.

Praise for *Biohazard*

“Harrowing . . . richly descriptive . . . [an] absorbing account.”—*The New York Times Book Review*

“Remarkable . . . terrifying revelations . . . [Ken Alibek's] overall message is ignored at great national peril.”—*Newsday*

“Read and be amazed. . . . An important and fascinating look into a terrifying world of which we were blissfully unaware.”—**Robin Cook, author of *Contagion***

From the Hardcover edition.

From reader reviews:

Hazel Polk:

Now a day people who Living in the era exactly where everything reachable by connect with the internet and the resources included can be true or not need people to be aware of each information they get. How many people to be smart in acquiring any information nowadays? Of course the reply is reading a book. Examining a book can help folks out of this uncertainty Information specially this Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It book because book offers you rich info and knowledge. Of course the data in this book hundred percent guarantees there is no doubt in it you probably know this.

Arthur Poulsen:

This Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It are generally reliable for you who want to be a successful person, why. The reason of this Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It can be one of several great books you must have is definitely giving you more than just simple reading through food but feed a person with information that perhaps will shock your preceding knowledge. This book is usually handy, you can bring it everywhere and whenever your conditions in the e-book and printed people. Beside that this Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It forcing you to have an enormous of experience like rich vocabulary, giving you demo of critical thinking that we know it useful in your day action. So , let's have it and revel in reading.

Ramon Jeter:

Hey guys, do you wants to finds a new book to read? May be the book with the concept Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It suitable to you? The particular book was written by well-known writer in this era. Typically the book untitled Biohazard: The Chilling True Story of the Largest Covert Biological Weapons Program in the World--Told from the Inside by the Man Who Ran It is one of several books this everyone read now. This specific book was inspired a number of people in the world. When you read this book you will enter the new age that you ever know before. The author explained their thought in the simple way, and so all of people can easily to understand the core of this reserve. This book will give you a lot of information about this world now. To help you to see the represented of the world in this particular book.

Rachel Haley:
