What is it that arthritis, chronic fatigue, migraine headaches, celiac disease, psoriasis, diabetes, lupus, as well as many other diseases have in common? According to Pagano's experience and research, they may very well be linked by a common denominator: the leaky gut syndrome (LGS), or intestinal permeability. Using the concept of the "leaky gut" as it was presented by Edgar Cayce, Pagano has found great success in treating his patients and offers us hope of healing as evidenced by his advice along with vivid illustrations and before-and-after photographs.
