In 2008, Democrats won a sweeping victory, seizing the White House and the majority in both houses of Congress. We knew this meant liberals would be in charge of the federal government—but what many Americans didn't anticipate was that liberals would use this supposed "mandate" as an excuse to try and run every single part of our lives. In his new book, *Control Freaks: Ten Ways Liberals Plan to Ruin Your Life*, Terry Jeffrey—editor-in-chief of Cybercast News Service (CNS) and well-known political commentator—shows how Team Obama plans to take over every aspect of our daily existence. From curbing our speech under the guise of "hate-crime legislation," to limiting our movement through "green" initiatives, to controlling our end-of-life decisions through "healthcare reform," liberals have embarked on a breath-taking campaign to strip us of our God-given constitutional rights and reshape America—but not for the better. In *Control Freaks*, Jeffrey exposes this shocking power grab—and shows us how to fight back to reclaim America along with the principles of life, liberty, and the pursuit of happiness.
