**Creating Motion Graphics with After Effects, Vol. 1: The Essentials (3rd Edition, Version 6.5)** Trish Meyer, Chris Meyer

Creating Motion Graphics with After Effects reveals expert techniques for producing compelling motion graphics. Adobe After Effects is a software application used for making motion graphics ranging from animating digital images to creating film-style title sequences, sophisticated special effects, and network logos. Step-by-step tutorials demonstrate the concepts, processes, and technical details of the latest version of After Effects. A new lesson has been added to serve as an introduction and tour of the program for new users, and the book has been updated to cover the new features in the latest version of After Effects. The companion CD includes all materials needed to complete the tutorial assignments and projects, as well as a trial version of the After Effects application.
