Vortex

Jon Land

Vortex Jon Land

A Vietnam special-forces veteran investigates a government conspiracy to build a superweapon that could alter the very fabric of reality

In San Diego, a cadre of American scientists toils on a weapon with the power to make things flit in and out of reality. If perfected, Project Vortex will make the atomic bomb look like a bow and arrow. They test it on a 727 on its way into Kennedy airport, and the experiment is successful, save for two dangerous aberrations.

First is a passenger, a young man to whom Vortex gives strange powers over other people—powers he can control, but cannot understand. Second is an air traffic controller who calls in an old Vietnam buddy, Joshua Bane, to help investigate the plane that disappeared. When the controller vanishes, Bane is alone, staring down the barrel of government conspiracy that has the nation on the precipice of a third world war.

This ebook features an illustrated biography of Jon Land including rare photos from the author's personal collection.

From reader reviews:

Ora Barbour:

What do you about book? It is not important together with you? Or just adding material when you want something to explain what yours problem? How about your spare time? Or are you busy individual? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have free time? What did you do? Every person has many questions above. They have to answer that question due to the fact just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this particular Vortex to read.

Clifford Harvey:

Reading a guide can be one of a lot of pastime that everyone in the world really likes. Do you like reading book consequently. There are a lot of reasons why people enjoy it. First reading a book will give you a lot of new information. When you read a e-book you will get new information mainly because book is one of several ways to share the information or maybe their idea. Second, reading a book will make anyone more imaginative. When you looking at a book especially fictional book the author will bring someone to imagine the story how the personas do it anything. Third, you may share your knowledge to others. When you read this Vortex, it is possible to tells your family, friends and also soon about yours book. Your knowledge can inspire average, make them reading a reserve.

Gordon Woods:

Playing with family in the park, coming to see the coastal world or hanging out with pals is thing that usually you have done when you have spare time, in that case why you don't try point that really opposite from that. A single activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Vortex, you can enjoy both. It is fine combination right, you still wish to miss it? What kind of hangout type is it? Oh can happen its mind hangout folks. What? Still don't understand it, oh come on its named reading friends.

Dorothea Profitt:

In this era which is the greater individual or who has ability in doing something more are more special than other. Do you want to become among it? It is just simple way to have that. What you need to do is just spending your time very little but quite enough to enjoy a look at some books. One of many books in the top checklist in your reading list will be Vortex. This book and that is qualified as The Hungry Mountains can get you closer in getting precious person. By looking way up and review this e-book you can get many advantages.
